Namaste

My name is Surendra. I was born in Nepal on 01/02/1997. I was brought here by my father because of the fighting going on between the army and the Maoists. My father works as a farmer and was so poor.

One of my relatives told my father about Ramana's Garden so my father brought me here. I was 3 years old when I was brought here. I was very nervous but soon I met everyone and I felt happy and comfortable. I made many friends. My father returned to Nepal and I live here full time but sometime he comes to visit me. Ramana's Garden was a new and special home for me. I received everything I needed. Here I got a very good opportunity to study and make my dreams come true. I feel Ramana's Garden is even much better than my real home. Ramana's is very important to me because if I stay here I can make my dreams come true. I wouldn't get all the opportunities I get here if I was still in Nepal. Ramana's Garden means everything to me. It is my life. I am incomplete without Ramana's. I wouldn't have my friends and my dreams or the possibility to fulfil these.

After I finish high school I want to do a three year business course for the hospitality industry in Delhi. I want to do this because I am interested in the hotel and restaurant business. I want to help society through business. If I can come from a difficult background and can run as a successful business then it shows others that they can do the same. I want to help the kids who are unable to go to school. If I am successful then I can teach others how to be successful too.

Thank you for helping me!
